

### **Remarks/Arguments**

Applicants submit this Response to Advisory Action in reply to the Advisory Action mailed December 9, 2004.

In this Response, Applicants cancel claims 34-40. Before entry of this Response, claims 1-49 were pending in this application. After this response, claims 1-33 and 42-49 are pending in this application.

### **Drawings**

The Applicants thank the Examiner for accepting the drawings submitted on February 24, 2004.

### **Allowable Subject Matter**

Applicants gratefully acknowledge the Examiner's statement that claims 1-33 and 42-49 are allowable.

### **Rejected Subject Matter**

In the Advisory Action, the Examiner continued the rejection of claims 34-40.

Applicants continue to traverse the Examiner's rejection of claims 34-40. In order to advance prosecution of this case, however, the Applicants have canceled claims 34-40, but applicants reserve the right to pursue such claims in a continuing application. In a telephonic interview on January 13, 2005, the Examiner agreed to enter a response canceling claims 34-40 as placing the present application in condition for allowance.

### **Conclusion**

Applicants submit that the present application is in condition for allowance. If a conversation might advance prosecution, the Examiner is invited to call the undersigned (202-408-4100).

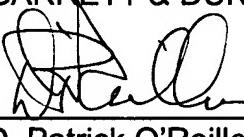

The Advisory Action contains numerous statements reflecting characterizations about the invention(s), the claims, and the related art with which Applicants do not necessarily agree.
